

**Sewer Separation Project  
Construction Update  
For The Week of March 14, 2011**

**First Phase Crew**

- Will remain on First St. and will be constructing the sanitary sewer between Bridge and Cherry Streets
- First St. will remain **closed to thru traffic**, but open to local residents, buses and emergency vehicles with the exception of when the contractor is working in the intersections of the cross streets – **at which time the cross street and First street will be closed to all traffic.**

**Second Phase Crew**

- Will begin construction at the east end of College Ave. - by the Portage River and JoJo's Lift Station.
- College Ave. from the river to Perry St. (including S. Perry St. from Main St. (US 20) to the river, will be **closed to thru traffic**, but open to local residents, buses and emergency vehicles with the exception of when the contractor is working in the intersections of the cross streets – **at which time the cross street and College Ave. will be closed to all traffic.**

**Please Note: When crews are working in the intersections they will be closed to ALL TRAFFIC, based on safety implications this would have on the public while the contractor is setting the manhole structure in that intersection.**

**All schedules will be weather permitting**

**All sidewalks will be open**
